

G 100°C

GUGLIELMI®

G 100°C

Guglielmi presents the new sink mixer, the small daily luxury which offers more comfort and saves time and money.

BOILING WATER AT 100 °C

G 100 °C is not just a tap: in addition to the traditional supply of hot, cold and mixed water, also boiling water is available with an outlet temperature of 100 °C.

HANDLE LED

The handle, which actions the opening of the boiling water, is equipped with a red LED which is lighting every time the handle is opened.

SECURITY

The handle is equipped with an intelligent security function, as it returns automatically in the closed position once you leave the handle. For the security of the whole family.

ECO SUSTAINABILITY

Guglielmi does not forget about importance of eco sustainability: G 100 °C saves the environment with the correct water supply without any wastage.

100°C

G Pura®

GUGLIELMI®

G PURA®

Guglielmi presents the new sink mixer, the small daily luxury which offers more comfort and saves time and money.

STILL OR SPARKLING WATER

G Pura® is not just a tap: in addition to the traditional supply of hot, cold and mixed water, also pure water, so drinking water, is available, still or sparkling.

HANDLE LED

The handle, which actions the opening of the still and sparkling water, is equipped with LED light which changes the colour: turning up the handle, the led lights green supplying sparkling water; turning down the handle, the led lights blue supplying still water.

SECURITY

The handle is equipped with an intelligent security function, as it returns automatically in the closed position once you leave the handle, taking care about the saving.

INNOVATIVE FILTER

The new mixer has an innovative filter, holding back chlorine and lime and, thanks to the sparkling water maker, tap water becomes drinking water, for all flavours of the family.

ECO SUSTAINABILTY

Guglielmi does not forget about the importance of eco sustainability: G Pura® saves the environment with the correct water supply without any wastage and eliminates the use of plastic bottles.
